

Quick and Easy Personalization of XXL-passes

Our special printer P310 XXL, based on the proven Eltron Card Printer P310, was introduced specially for ticketing and accreditation purposes.

It allows quick and easy personalisation of large size badges, as are used for example in sports and music events.

Preprinted XXL- cards sized 124,8 x 87,8 mm can be personalized within an area of 86 x 54 mm individually.

Visitors are issued convenient, large size badges, which can be worn by means of a lanyard, in a matter of seconds.

The proven print engine prints the individual part with a resolution of 300dpi within max. 25 seconds either monochrome or in full color.

The self-cleaning cartridge removes dust and debris, guarantees immaculate printing, and protects the print head.

Optionally, the inline encoding of contactless chips is possible.

Small size, easy handling, durable design and therefore minimum maintenance effort make desktop operation simple and efficient with this special printer.

P310 XXL - The specialist for special events.
